

SAPNIL SUAD

About Me

I'm a dedicated Full Stack Web Developer with 4 years of hands-on experience working on freelance projects since 2020. I specialise in building responsive, user-friendly websites and customising WordPress themes to meet client needs. Beyond technical skills, I have a strong passion for problem solving and continuously improving my craft. I'm now eager to expand my experience through an internship, collaborate with a professional team, and contribute meaningfully while learning in a structured environment.
